heard last night, Moawi told the Bamenah people's we should go to the Dangerous cave and defeat the Sleeping Bear and we should kill it, God said unto the People's you shouldn't kill the Sleeping bear because you will be killed once you enter the Cave, But the People's didn't believe God, Moawi and 2 of the peoples of the Bamenah people's went to the Cave of the Sleeping Bear and it's took them 6 days to get there and them finally got there and them ran into the sleeping bear cave and once Moawi hit the bear the bear woke up and them all die but Moawi and The bear Disappear from the world without a trace and God told the Bamenah people's: My Bamenah kids your leader has die with the bear and everyone started freaking out and God sent a Goddess baby to the world and God said unto the Bamenah people's: this is a gift for you to take care of and this baby and you will be blessed forever, and the people's decided to take care of the Goddess Baby and the Bamenah people's named the Baby Irene the Goddess of the new land and the Goddess of Luck.

9 on Irene was 10 months old she stared walking on her own and The Bamenah people's decided to make her into the leader of the Tribe when she turn 18 years old and God was watching Irene while she was growing up and on Irene 1st birthday she got a weapon and the hunter of the Bamenah people's teaches her how to hunt and them got a baby pig for her to hunt but Irene played with the Pig and the Female of the Tribe gave Irene a Bath after she went hunting and them also made a diaper out of leaf and she wear the Diaper until she turned 6 years old and when she turned 6 years old the female Bamenah got rid of the diaper and them started to teach Irene how to farm, eat, Drink, Help, Hunt, and talk and Irene learned a lot but she didn't do it all she did was Play around with the Animals and A Female Bamenah went to God teepee and she asked God why does this child you send us don't want to learn how to do stuffs we do, God Answer and his Answer was: A Goddess/God don't learn about how do stuffs that human

because they have a long time to learn those stuffs so please be patient and she will learn when her time comes she will learn how to do stuffs that everyone else does and the reason why I sent down a Goddess Baby down to the Bamenah tribe is because this is a test to see if you and everyone in the Bamenah tribe can stay calm without a leader and it's looking like the test is going good and when Irene turned 21 years old that means the test will be complete and Irene will become the Leader of the Bamenah Tribe and it's looking like our time is up, see you next time we talked.

10 In this Morning Irene woke up the Female Bamenah who was Caring for Irene, by crying really loud from a Nightmare and Irene said Her First word and her first word was Mommy, and Irene said to the Female Mommy I'm scared I had a bad dream, The Female cuddled her and she said: Don't worry my dear Irene you are safe it's was only a nightmare, It's not real and please tell me what was the Dream about, Irene said: I saw 2 baby pig all healthy came out of water and then I saw 2 old pig came out of the water on the other side and both baby pig and old pig ate each other's until there was only 1 Pig left and that was a baby Pig, the Female Bamenah said to Irene huh that a weird dream, Irene said Mommy do you know what was the dream about, The female Bamenah said no, Irene and The Female Bamenah went to God Teepee and The Female Bamenah said unto God: God can you please tell me and Irene what does her dream mean, God said Yes I can my dear Child, God turned and look at Irene, God said unto Irene what did you see my daughter, Irene told God about her dream and God said: the Baby Pig are 2 days, and the Old pig are 2 days but the baby pig mean good days and the Old Pig mean Bad days.
